ANNA PAGE PARK DISC GOLF COURSE

The Rockford Disc Golf Club is a not-for-profit organization for the promotion of the sport of disc golf. Our home course is Anna Page Park which has three great disc golf courses (compliments of the Rockford Park District) which our club helps to maintain and improve. We also host competitive events throughout the year & offer sponorships & other merchandise to supplement the cost of maintaining the course.

A little history about our park & courses

In 1949 Anna R. Page bequeathed this land to the Rockford Park District as a conservation forest. Anna was a friend of conservation who cared deeply about the natural state of this land. Our first course, the East course was originally installed in 1986 as a 9-hole by a group of players and volunteers. In 1988-89 additional holes were added to complete 18 holes for East. In 2004 the West course was installed. A little tougher than the East course West gives players longer shots with plenty of wooded obstacles and some long open bomber holes as well. Our third course and newest addition to the park is the South course. Installed in 2013 this course is the toughest of all 3 courses. Heavily wooded holes with tunnel shots, hard doglegs, wide open holes into woods, tunnel shots into the wide open, and a long 750+ foot shot that wraps around a third of the course's tree line. Plenty of challenges await players from Amateur to Professional. All three courses give all levels of players a unique and rewarding experience. Today people from all over America visit Anna Page Park to admire its beauty and challenging layout. The Rockford Disc Golf Club works with the Rockford Park District on volunteer basis to help maintain & improve the courses at Anna Page Park.
